Education's meaning is the purpose of Alchemy School & that is 'to replace an empty mind with an open mind'. Alchemy School's ideology is to prepare children as complete, comprehensive and socially useful beings because as the name goes AL/THE, KIMI that is the process of changing from one appearance to another. The basic principle of Alchemy is "Tell me and I forget, show me and I remember, involve me and I understand" and so Activity based Education is the culture of Alchemy.
